Habasit – Solutions in motion

Habasit Saniclip – rod retaining system

The Habasit Saniclip is an innovative device for quick belt opening and easy belt sanitation. This unique rod retention system is specifically designed to work with our Micropitch M0870, M0885 and M1185 belts. The Saniclip allows for simple rod installation/removal for applications where frequent belt sanitation is required. Saniclip has a tactile, non-slip surface for easy removal in wet and/or fatty environments. Multiple Saniclips can be installed on a single belt to allow for easy opening in several locations.

- Available in POM yellow or blue
- Reduces downtime
- Extracted or installed in only seconds
- No tools required
- Non-slip surface for easy removal and installation in wet/fatty environments

Available belt lines

M0870

Micropitch Flat Top
