Habasit – Solutions in motion

M2500 Series Habasit Saniclip

The Habasit Saniclip is an innovative device for quick belt assembly and easy belt sanitation.

Our Habasit Saniclip for the 1" pitch belt permits simple rod installation and removal in applications where frequent belt sanitation is required. Habasit Saniclip has an easy to grip edge clip for easy removal in wet or greasy environments. Multiple Saniclips can be installed on a single belt to allow for easy opening at several locations.

- Reduces downtime
- Extracted or installed in seconds
- No tools required
- Easy to grip edge clip for easy removal and installation in wet or greasy environments

M2533 PP, PE, POM	Flush Grid	25.6 mm (1 in.)	POM (yellow)

Quick belt opening – cleaning made easy

Anything that can enhance the ease of sanitation processes in the food industry is a welcome and valuable improvement. This is where the new Habasit Saniclip comes in. Its innovative new rod system is designed for easy and quick rod installation and removal for frequent belt sanitation in demanding sanitary environments.

The Saniclip solves the problems of time-consuming belt removal and the requirements for extraction tools that can easily deter operators from safe sanitary practices.
